

### **Waived Registration Fee for Patients, Caregivers, and Volunteers**

If you are an individual with a rare disease, the caregiver of a person with a rare disease, or a volunteer advocate, you may be eligible for free registration for the Patient Advocates' Role in Advancing Gene Therapy Workshop on May 10.

Please [email us](#) to confirm your eligibility. To receive the waived fee, you must register in advance; requests on the day of the event will not be accepted.

#### **Eligible**

- Individuals with a rare disease
- Caregivers for a person with a rare disease
- Volunteer advocates with an interest in gene therapy for rare diseases

#### **Not Eligible**

- Paid employees of non-profit patient advocacy organizations
- Paid employees of gene and cell therapy biotechnology and pharmaceutical companies
- Students, faculty, or researchers at academic institutions

### **Reduced Rate for Patient Advocates**

If you are a patient advocate who is not eligible for the waived registration fee, you can attend the workshop for a reduced rate of \$25 by selecting that you are a patient advocate when registering for the event.
